

EEBB Virtual Research Symposium Schedule

May 7, 2020

Zoom Meeting

Symposium committee: Caitlin Mack (co-chair), Isabela Borges (co-chair), Miranda Wade, Emily Conway, Meaghan Clark

SCHEDULE

10:00-10:10	Opening statements: Kay Holekamp and Symposium Committee
10:10-10:25	Darren Incorvaia (Integrative Biology & BEACON): Dance Dance Evolution: Explaining the Origin of Spatial Communication in Social Insects?
10:25-10:30	Questions and transition
10:30-10:35	Dr. Kevin Liu (Computer Science and Engineering; BEACON): Novel phylogenetic support estimation approaches using random walk resampling
10:35-10:40	Questions and transition
10:40-10:55	Christopher Warneke (Plant Biology): Plant-soil feedback changes growth rates of two endemic Hawaiian tree species
10:55-11:00	Questions and transition
11:00-11:05	Caitlin Mack (Integrative Biology): Initial observations on factors affecting parental social behavior of the African painted dog in captivity
11:05-11:10	Questions and transition
11:10-11:25	Dr. Zachary Huang (Entomology; Beacon): Honey bee swimming behavior: Panicking or adaptive?
11:25-11:30	Questions and transition
11:30-11:35	Dr. Murielle Ålund (Integrative Biology): Brains, sex and parasites in Icelandic stickleback
11:35-11:40	Questions and transition
11:40-12:00	Closing statements: Symposium Committee
